

FICLEK

A U T H E N T I C Z A G R E B

Here, at Ficlek, you can revive an experience of an old-school Zagreb eatery as it once was, the authentic Zagreb way! Everything here is made from ingredients bought at the nearby Dolac market, the heart of the city: local, handmade and authentic is what we do! From small appetizer bites to go with a couple of drinks to main dishes the way our mothers and grandmas used to make them, we have it all! Made only the traditional way and from the best ingredients possible. The things we can't do ourselves, small local businesses provide them for us because our offer has to be traditional and as it was in the past times: tasty, full of flavor... And memories!
